## SUNY GENERAL EDUCATION REQUIREMENTS

SUNY General Education (GE) is a system-wide framework applicable to all SUNY undergraduate degree programs that addresses the fundamental goals of higher education, including proficiency with essential skills, familiarization with disciplinary and interdisciplinary ways of knowing, and enhancement of the values and disposition of an engaged 21st century global citizenry.

The SUNY GE framework includes ten specific "knowledge and skills areas," as well as two general "core competencies" that are infused across the curriculum. The structure is based upon system-wide learning outcomes, which promote academic excellence and support seamless transfer of students between and among SUNY institutions. If students satisfy a SUNY GE area at one SUNY campus with a grade of $C$ or higher, they will have met that SUNY GE area at every other SUNY campus.

In accordance with SUNY requirements, students matriculating in fall 2023 and thereafter must complete a minimum number of SUNY GE credits distributed across the ten areas as indicated in the table below. The following four areas must be among the completed credits: Communication - Written and Oral; Diversity: Equity, Inclusion, and Social Justice; Mathematics (and Quantitative Reasoning); and Natural Sciences (and Scientific Reasoning).

| Baccalaureate, A.A., \& A.S.* degrees | 30 credits distributed among at least seven of the 10 SUNY areas (including the four required areas noted above) |
| :--- | :--- |
| A.A.S. degrees | 20 credits (including the four required areas noted above) |

${ }^{*}$ Consult the JCC College Catalog for details on the A.S. Engineering Science degree requirements.
SUNY Knowledge and Skills Areas (effective Fall 2023): $\quad$ * = Required areas for all undergraduate degree recipients, SUNY-wide

- Communication - Written and Oral*
- Diversity: Equity, Inclusion, and Social Justice (DEISJ)*
- Mathematics (and Quantitative Reasoning)*
- Natural Sciences (and Scientific Reasoning)*
- Humanities
- Social Sciences
- The Arts
- US History and Civic Engagement
- World History and Global Awareness
- World Languages

Students planning to attend JCC will need to fulfill the SUNY Essentials Curriculum, which has the SUNY GE requirements built into the design. The JCC Essentials require that students take at least one course in each of the following areas. Note that some JCC courses may fulfill more than one of these requirements in addition to SUNY requirements. Please consult the JCC College Catalog or website for more information.

- Cultural Understanding
- Global Perspectives
- Applied Learning
