

HOW TO EXTEND DISPLAY ON MONITORS

Applies to 2 monitors or a monitor and a projector

- 1) Right Click and empty area on your desktop and select **Screen Resolution**

- 2) Click the **Multiple displays** drop-down list, and then select **Extend these displays**, or **Duplicate these displays**. Note if you cannot see the additional monitor(s) listed, click **Detect**. If that does not work, try restarting your computer and do step 1 to 2 again.

Change the appearance of your displays
