## Science Lesson

Today, Mr. Feuchter from BOCES came with the Star Lab. We learned that the sun rises in the East and sets in the West. We pretended we were astronauts to visit the 4 planets - Mercury, Venus, Earth, Mars. Ask your child about it...it was very cool!

## NEXT WEEK

We would love it if you could join us at the Erie Zoo. Sorry ... we are not able to have parents ride the bus with us. You are welcome to follow the buses there or you can meet us by the front gate around 10am. Your child will need a bag lunch for the day - please pack things that can be thrown away...no fancy Tupperware! We hope to see you there!!
